

# E-waste Management

## **As per E-Waste Management Rules 2016**

Qube Cinema considers environmental management to be of utmost importance and contributes to the prevention and solution of various environmental problems. We analyse the mass balance in the Company's business operations and use it to develop measures to reduce its impact on the environment. Qube Cinema believes that the continuous improvements in our products and solutions can be enhanced by following a sustainable business ethic that dictates effective utilization of resources, minimizing wastage, recycling and taking effective measures to prevent damage to the environment. To this effect Qube Cinema has put in place processes to reduce environmental impact and work towards a greener business model.

## **Qube Cinema Waste Collection Program**

Qube Cinema complies with the E-Waste (Management) Rules, 2016 and E-Waste (Management) Amendment Rules, 2017. As part of the Extended Producers' Responsibility, Qube Cinema has set up a collection mechanism to channelize, recycle and dismantle e-waste.

## **Collection and Storage of E-waste**

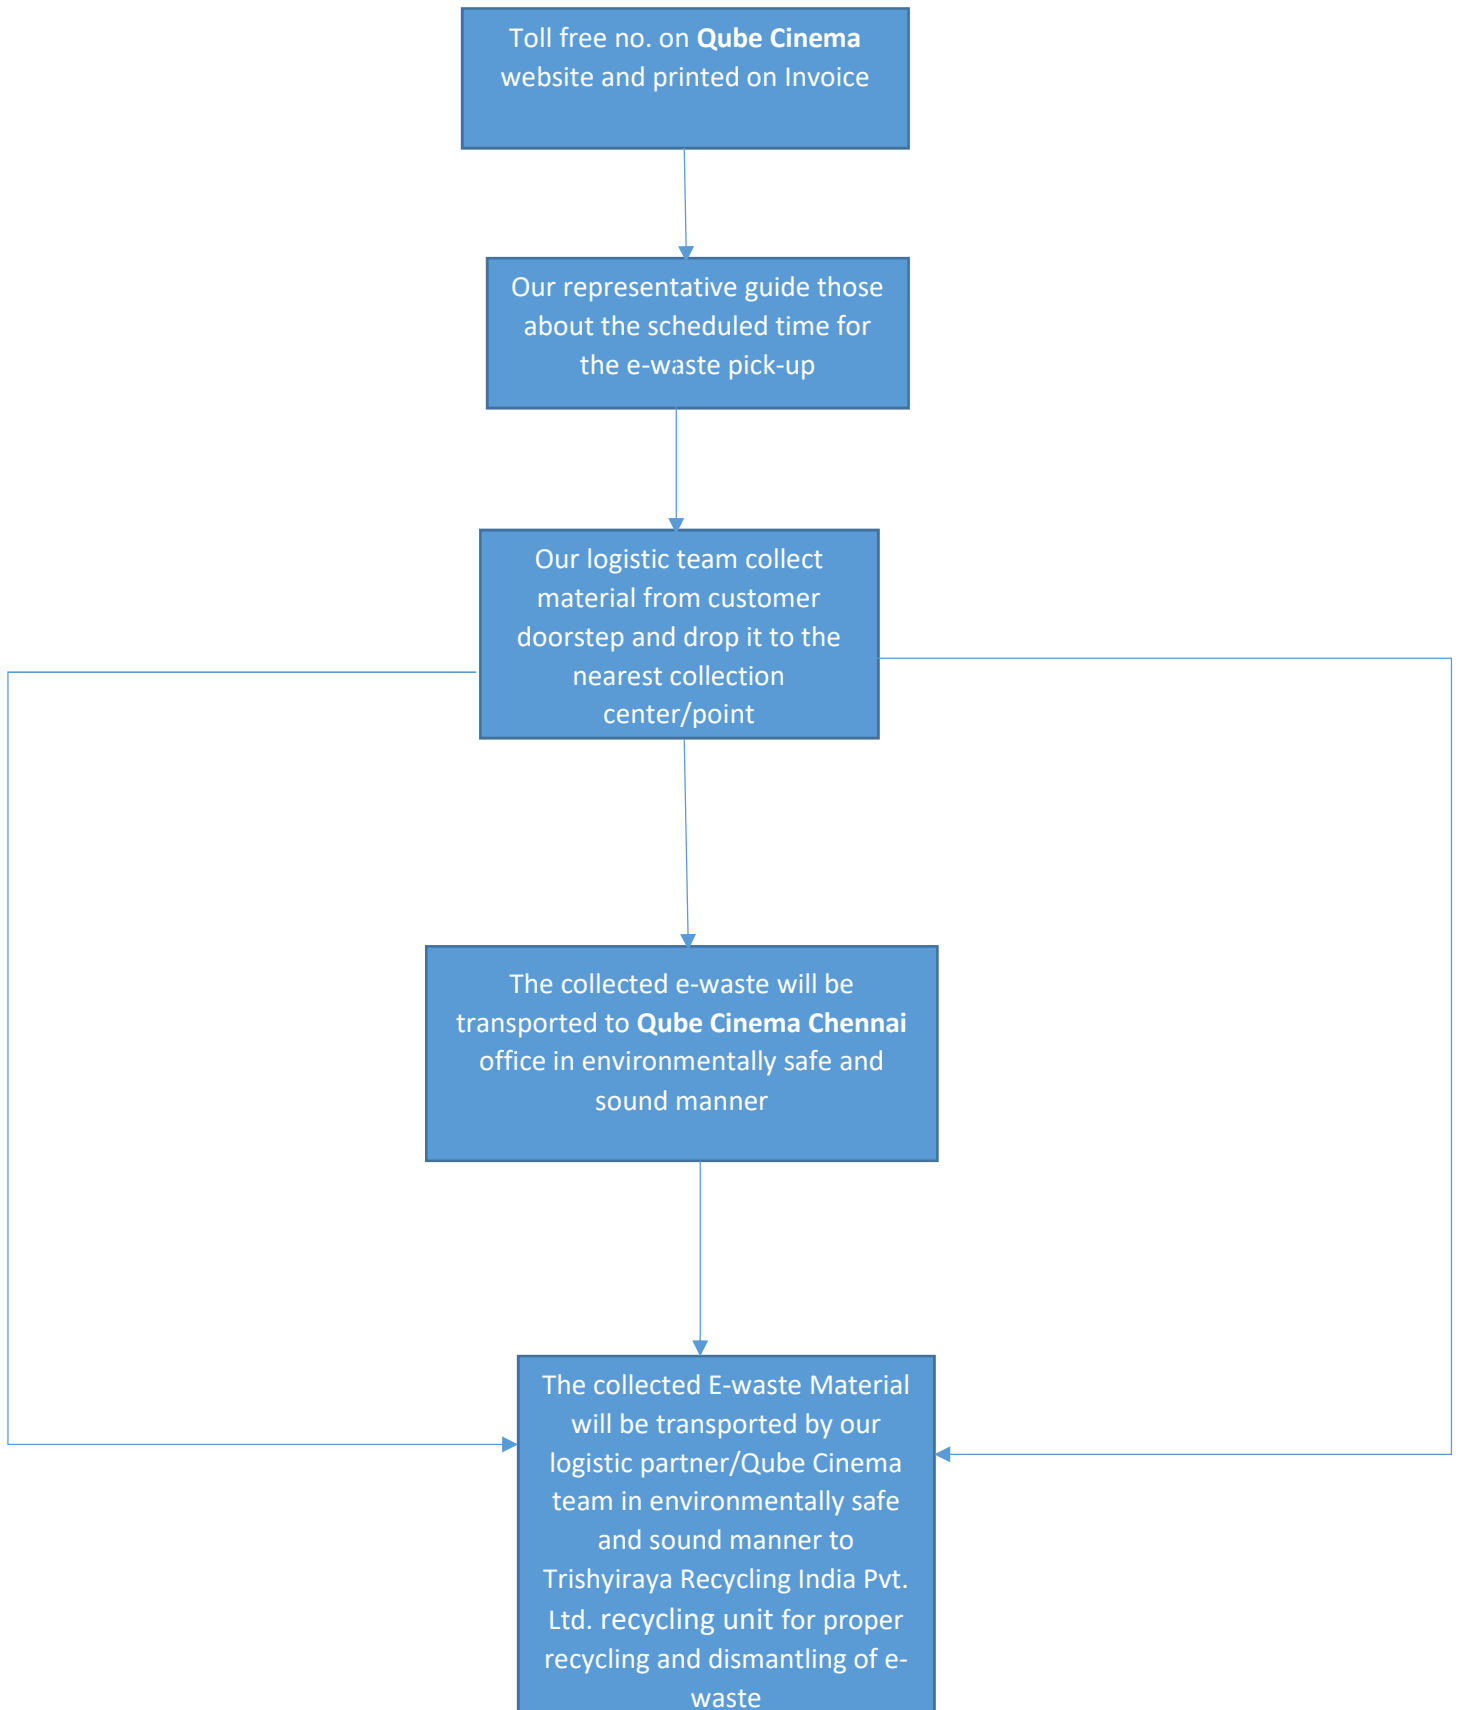

Qube Cinema has partnered with Trishyiraya Recycling India Pvt. Ltd., a recycler registered with Tamil Nadu and Karnataka State Pollution Control Board for environmentally safe management and recycling of all our e-waste. The Recycler will collect the e-waste from the collection centres and carry it to their plant in an environmentally safe manner for recycling/dismantling.

Trishyiraya Recycling has all the authorizations related to e-waste dismantling and recycling from Tamil Nadu and Karnataka State Pollution Control Board and has all connections in place for air/water/hazardous waste management. They have a capacity of 75 MT/Month.

We have partnered with two logistics companies, Sahara Express Courier (P) Ltd. and Airstate Logistics for door to door collection of e-waste. They will ensure environmentally safe transportation of all our e-waste. If any customer wants to handover their old products for recycling/disposal, they can reach out to us. Once they have registered, request for the pick-up will be handled by our Logistics Partners. The customer will be provided with a receipt that has the product description, this can be used to benefits from our e-waste policies/schemes.

## Process of collection & disposal of E-waste

### FLOW CHART OF CHANNELIZATION

## Specific Collection Schemes: -

### Exchange Policy:

If the customer gives us a product for maintenance/recycling/dismantling before the average life cycle of the product (as mentioned in the Schedule-1), they will get a concession in the pricing for the new product.

## Collection Centres/Points:
